Subject: FW: EPA's Intergovernmental Technical Team

Hi Charlotte,

Jack Hobson told me that he wants to be on EPA's intergovernmental technical team regarding subsistence. He needs to send in the short write-up described below.

Thanks,

Jeff

Jack,

See EPA's email below. EPA's Rick Parkin needs a short write-up describing your background, experience, education, employment and any other information that provides the basis for your knowledge of the fish resources in Bristol Bay and the ecological factors that support the fishery. It would also be very helpful if you indicate if you are a tribal elder.

If you want any help in writing this up, feel free to give me a call.

Jeff

Subject: Re: FW: Have you designated your tribal representatives for EPA's Intergovernmental Technical Team?

Hi Jeff,

As far as I know we have heard from Curyung and Levelock. If you are helping to prepare any nominations please include the information below.

We have sent this information to Levelock and Curyung already. Please send any nominations directly to Rick Parkin as I will be on annual leave April 11-25.

Please confirm that the nominees either work for a Tribal Government or have been officially designated to represent their tribal government for this effort?

I would also appreciate a short write-up for each person, describing their background, experience, education, employment and any other information that provides the basis for their knowledge of the fish resources in Bristol Bay and the ecological factors that support the fishery. It would also be very helpful to me if you indicate if they are a tribal elder.

If you would like to talk further about the purpose of the intergovernmental technical team or my expectations about the role team members will play, please contact Rick Parkin at 206-553-8574.

Thanks! Tami

Intergovernmental Technical Trea?

Tami,

So far, I have heard from Nondalton, Levelock, and Curyung, as stated below. I sent word to Rick that Jack Hobson wants to serve, and so I am sending to you, too.

Have you heard from other tribes?

Jeff

Good Morning Jeff,

We had a phone poll and the council by unanimous vote nominated Kim Williams, Courtney Gomez and myself to be their representatoves on the tech panel. We sent those names to Tami last week.

Billy

Jack Hobson wants to serve on EPA's Intergovernmental Technical Team.

If you have not addressed who else may serve, please do so. EPA wanted the names by the end of March.

The Tribal persons should be able to help with traditional ecological knowledge, subsistence use areas, etc.

Jeff
